Customer Reviews

I use this book regularly...it is a must for anyone wishing to get autographs and collectibles from there favorite celebrity...I have found this book and it's sources to be accurate...I use it for my company...if you are famous you are in this book....

Arrived in a well protected packing. A very good updated celebrity book. Happy with my purchase. Also I would like to thank the seller for their favourable service

I would be careful about purchasing this book. I subscribed to the "Contact Any Celebrity" service last year only to find much of the contact information I needed was out of date. For example, I would call the list number for the celebrity's office management company only to find they no longer represented them. If this happened only once I would chalk it up to normal "turn over" but it wasn't just once and so I cancelled my subscription.

RIP OFF!!!!!! Don't buy it. This is the only purchase from that I truly have been disgusted by. I used his book to get addresses to mail commendation requests for my son's Eagle Scout...out of 40 letters written, 34 were returned for "no such address". RIP OFF

i like the book but i have found some addresses of people have DIED and they are in the book.

Got my first autograph within days. I had the 2008 book and it's nice for the updated version.

Very handy book to have. They try to keep it up to date as much as possible.

great reference book ! use it all the time for my hobby
