150 Best Tiny Home Ideas

Synopsis

A lavish, full-color guidebook showcasing the most up-to-date innovations and latest trends in efficient and successful small space design. Packed with detailed color photographs, comprehensive layout illustrations, and essential information, 150 Best Tiny Homes is the ideal solution for making the most of small living spaces—homes between 500 and 800 square feet—common to contemporary urban environments. Inside you'll find 150 homes from around the world—each a model of efficiency and an inspiration for designing and decorating a range of compact dwellings. 150 Best Tiny Homes offers a variety of tiny homes in natural environments as well. Each has been created using site-sensitive designs that have a low environmental impact and reflect the stunning natural beauty of its surroundings. This ultimate compendium brings together the diversity of current trends in tiny home design and is an invaluable source of ideas for designers, architects, and homeowners.

Customer Reviews

I like the concept and the contents, but the printing quality is questionable. the color is off and all the pictures feel a bit blur, not crisp clear, might caused by low printing dpi.

Set up the way I like a book about houses. Lots of different houses. Great pictures inside and out and with house plans.
