Apricots On The Nile: A Memoir With Recipes

Synopsis

Cairo, 1937: French-born Colette Rossant is waiting out World War II among her father's Egyptian-Jewish relatives. From the moment she arrives at her grandparents' belle Époque mansion by the Nile, the five-year-old Colette finds companionship and comfort among the other "outsiders" in her home away from home -- the cooks and servants in the kitchen. The chef, Ahmet, lets Colette taste the food; she learns how to make sambusaks for her new friends; and she shops for semites and other treats in the Khan-al-Khalili market. Colette is beginning to understand how her family's culture is linked to the kitchen...and soon she will claim Egypt's food, landscape, and people as her own. *Apricots on the Nile* is a loving testament to Colette's adopted homeland. With dozens of original recipes and family photographs, Colette's coming-of-age memoir is a splendid exploration of old Cairo in all its flavor, variety, and wide-eyed wonder.

I really enjoyed reading this book - even though I will probably never try the recipes. I read the whole book through in one sitting (although, to be truthful, it's a small book.) Besides being an interesting memoir of the author's childhood in Egypt during WWII, in a wealthy Jewish family, it's also an honest account of her alienation from her mother, which really spoke to me. The author is a good writer, which makes the book easy and rewarding to read.

This was one of my favorite all-time books. I purchased one as a gift for my sister also. I love to read

about other cultures, and this was an enjoyable read.

Didn't like it. The recipes were nothing I am interested in preparing and the story just didn't catch my interest.

Not as good a story as some other cooking memoirs I've read, kind of sad. Fair recipes
